DESCRIPTION

The Pine Shadows sconce features one of our trademarked steel pine trees in front and behind with the medium-based lamping between. Covering the bulb is a frost clear glass diffuser, which shields the bulb from side viewing. Suitable for interior and damp locations only. This sconce is ideal for anyone looking to add rustic character or unique log home lighting to their home.

Pictured in Finish #02-Rust Patina.

Note: This fixture will accept a screw-in type LED bulb of equivalent wattage output.
