DESCRIPTION

The Rocky Mtn Floor Lamp - Southview features an 18in. wide by 12in. tall lampshade frame with our exclusive missionstyle artwork displayed on all four panels. The lamp is made of heavy gauge steel, and has a diffuser choice between Almond or Amber mica. The light features a simple stand with a square base, four molded vinyl feet on the bottom to protect the floor's surface, and a three-way switch built into the socket. In order to protect the pieces from damage during shipment, minor assembly of the lamp is required; this consists of inserting the pole into the base, and tightening the two bolts. This mission-styled floor lamp will bring warm character to any cottage, craftsman-styled room, or traditional home.

Pictured in Finish #97-Black Iron with Amber Mica Shade.

Note: This fixture will accept a screw-in type LED bulb of equivalent wattage output.
