

## Halogen Lights on Mirror Frame - Pine Cone

**Product No.: A35520**

**Price: \$450.00**

**Finish Choices:**

### DESCRIPTION

This Halogen Bath Mirror with Lights - Pine Cone features three frost white pieces of glass held up with hand-cut steel pieces. The upward reflecting light illuminates the images of hand-painted pine cones over rust patina finish, while below, a pine needles hold up the glass. These steel pine cones are handmade and look incredibly real.

**Please note- This item does not include the 20 x 28 inch mirror glass which you will need to purchase from a local hardware store or glass supplier.** Glass mounting hardware is included. Some minor assembly required.

If you are looking for a really bright light for your bathroom, with a mirror attached, this one is pretty nice. It uses screw-in halogen bulbs and the front glass rests inside the image.

Pictured in Finish #04-Pine Tree Green-Rust Patina base.

Note: This fixture will accept a screw-in type LED bulb of equivalent wattage output.
