DESCRIPTION

Our Wisley Kithchen Nook Light is fantastic addition to our line, as it brings together our favorite elements: rustic contemporary in its simplicity, eight candelabra bulbs with a glass cover for a bright lighting solution, plus six, low voltage halogen lights for downlights (which are on a separate switch -you can choose uplights on only, downlights on only or all lights on.) The 3 inch diameter cylinders are offered in a choice of color between frost clear and frost tea-stained. This lights is also a compact size, that can fit over a Kitchen Nook, Island or bar for dramatic lighting, or over a eating nook, or in a dining room where space may be a premium. The double stems are adjustable, for a range of 15 inches to 30 inches as the standard. For a taller ceiling, order one of the double stem extension kits. This is the Cedar Bought version of this light, which features handcut maple leaves attached to wavy bands on each side. A perfect fit for a log home in rust patina.

Note: This fixture will accept a screw-in type LED bulb of equivalent wattage output.
