DESCRIPTION

The Hudson Large Sconce - Spruce Cone features a three-dimensional spruce cone. It has a single lightbulb pointing down behind mica panels on three sides and a 5 inch square backplate, which can be mounted directly to an exterior wall or attached to a square wooden block. Diffuser material choice between Almond or Amber mica. Specify DP option when ordering for a deeper mounting pan when the wall mounting surface is not completely flat. UL approved for wet locations. Formerly known as the Sehome. This light will bring rustic lighting to the exterior of any log home or cabin.

Note: We cannot guarantee that lights found in our Clearance Section will match a similar light ordered at the regular prices. This is because designs change over time, and finishes are done by hand and vary from day to day. However, when the Stock on Hand shows more than one light for the same Product No., all lights with this Product No. will match each other very closely. Also, there are no substitutions for the clearance lights and there are no additional discounts for the clearance lights, i.e., trade, dealer, contractor or coupon codes. Sorry, 30% off is the limit.

PLEASE NOTE:

This photo is just to show the light style, not the finish or glass you will be getting. Feel free to look at the *finish and glass choices* at the bottom of this page to see your options.
