

Bear in the Woods Sconce

Wall Light Country Style

Product No.: A10726

Price: \$270.00

DESCRIPTION

The Bear in the Woods sconce features our trademarked steel pine trees set behind the bear with the medium-based lamping between. The trees are hand-painted over rust patina finish. Covering the bulb is a frost clear glass diffuser, which shields the bulb from side viewing. The bear also has a mica diffuser behind the face cutout, adding a more lifelike effect sure to bring a touch of wildlife to any log home, cabin or northwood lodge-themed room. Suitable for interior and damp locations only. For an exterior version of this light, see the exterior lights section.

Pictured in Finish #04-Pine Tree Green-Rust Patina base.

Note: This fixture will accept a screw-in type LED bulb of equivalent wattage output.
