The Sunderland Kink 16 Inch sconce is one of four sconces in the Sunderland Kink Series. Named after a style of barbed wire, this sconce features two medium-based bulbs pointing sideways behind handmade ivory paper and rusted barbed wire. We back the paper in styrene for rigidity. It is mounted on a pine board which is stained a honey brown color and may be mounted either horizontally or vertically. This sconce will bring a unique rustic character and warm lighting to the walls of any log home, cabin or northwood lodge-themed room.

Pictured in Finish #02-Rust Patina.

Note: This fixture will accept a screw-in type LED bulb of equivalent wattage output.
