Providing a crisp white light, the Halogen Double Bath Trout light features two handmade glass diffusers made of textured frosted white glass. Custom fit to each fixture, these diffusers form a semicircle around the bulb. This light also features our unique seven-step hand-painted finishing process. The upward reflecting light illuminates two trout images, while below, a smaller single trout adorns the base of each diffuser. This detailed light is ideal for the bathroom of a fisherman or anyone else looking to generate a rustic atmosphere sure to brighten up any bathroom.
